

Secondary Effectiveness Review Programme | 2017-18

Aims

The programme aims to strengthen school leaders' self-evaluation, build effective peer review practices and equip school leaders with an up-to-date, in depth understanding of inspection procedures.

Programme outcomes

- Robust Effectiveness Review Report for your school
- Accredited ECO training for senior leaders
- Experience of conducting a review in another setting, led by an ex-HMI.

Review Process

Effectiveness Review

This is a day review led by one of our Senior Associates for Inspection (ex-HMI), supported by a team of senior leaders from participating schools who have completed the assessed ECO course (see below). The Effectiveness Review will be structured around the Ofsted framework and on up to three areas set by the school. The resulting short-report will provide a robust, grade-free evaluation with clear recommendations for improvement.

Data Review

To underpin the Effectiveness Review, schools will be provided with an in-depth, half day data review undertaken by John Lunn (Senior Associate).

Effective Classroom Observation (ECO) | Cambridge Education

This is an abridged version of one of Cambridge Education's most successful programmes and will equip participating senior leaders with exceptional classroom observation skills.

National Teaching School
designated by

National College for
Teaching & Leadership

The ECO course focuses on developing consistent evaluation of teaching, learning and assessment as well as outcomes across your school. Developed by experienced inspectors, this five-unit programme includes two tutor-led days combined with distance learning and an assessed lesson observation. (For full details of ECO programme visit our web site www.dartmoortsa.org.uk). Cohort 1 training is on the following dates: 6th Oct and 24th Nov 2017, 9.00-3.30.

Effectiveness Review Leads

Pauline Robins | Senior Associate for Inspection

Pauline is an ex-HMI. She is currently an education consultant supporting school improvement across a range of MATs and federations in Devon and the SW.

Mary Massey | Senior Associate for Inspection

Mary, like Pauline, is an ex-HMI providing consultancy support for schools in the SW, including leading the external review programme for the Cabot Trust.

Programme Fees

Option 1: Effectiveness Review, Data Review, Effective Classroom Observation (Abridged) course for 1 delegates (NB National ECO course in London costs £850 per delegate) **£1850**

Option 2: As Option 1 + additional delegates completing ECO **£1850 + £500** for each additional delegate.

Option 3: As Option 1 without ECO course (only for delegates that have already completed the ECO course) **£1350**
